In addition, there will be a tabletop show in **Seattle, Washington in June 2010 at the Boeing Museum of Flight**. The speaker is yet to be announced; however, this event was last held in June 2008 and was very popular. Exhibitors will want to sign up early for this show as only 10 tabletop spaces are available. For more information, contact Janet O'Neil at 425 868 2558

We are also working with the engineers at **Wright Patterson AFB in Dayton, Ohio** to hold a tabletop show in **August 2010**. The highlight will be an exclusive kick off private evening event at the nearby **National Museum of the US Air Force** (www.nationalmuseum.af.mil). This show will be a joint event with the Antenna Measurement and Techniques Association (AMTA).

If you would like to add your name to the list of exhibitors to receive direct announcements in advance of these upcoming tabletop shows, please send an e-mail to j.n.oneil@ieee.org

Please Note: For more information, IEEE-sponsored and co-sponsored symposia can be found at the following page: <http://www.ieee.org/conferencesearch/>. Enter the symposium name, time frame, and/or other pertinent information (partial information is also acceptable) to search for a particular symposium.
