

TC-2 EMC Measurements

TC-2 Meeting Montréal

August 14, 2001

1. ***Call to Order/Introductions***
Meeting called to order at 8:00 AM by Chairman Heirman
2. ***Minutes Approved***
Minutes were approved as written
3. ***Committee Membership***
Sign-in Circulated
4. ***2001 Symposium Activity***
Workshops:
D1-W3, Uncertainty in the Certification Process
D1-W7, Reverberation Chamber Design & Characterization
D5-W11, Basic EMC Measurements
D5-W13, Processes & Procedures for the Development of EMC Standards
Special Sessions:
D2-P4-SS1, Near-Field Techniques for EMC Applications
D4-P5-SS4, EMC in Healthcare: EMI Risk & Dealing With It
Regular Sessions:
D2-A1, Conducted Emission and Susceptibility Measurements
D2-A3, EMC Management
D2-P2, Oats and Anechoic Chambers
Papers:
EUT Directivity and Uncertainty Considerations for GHz-Range Use of TEM Waveguides
Instrumentation and Associated Uncertainty for Measuring EMI Disturbances Above 1 GHz
Abstract and Summary Review:
Reviewed 102 regular session, special session, and workshop abstracts and summaries. (Heirman letter to Mr. Laurin, Technical Paper Chair for Montreal 2001, reporting TC-2 work.)
5. ***Standards Sponsorship Review***
TC-2 Sponsors EMCS measurement standards: 139, P187, 213 (to be dropped), 299, 376, 377, 473, 475, 1128, 1140, 1309, 1560.
The standards are in the Standards Collection: www.standards.ieee.org.
6. ***2002 Activity***
 1. Topics for Minneapolis 2002 Symposium
Retain present topics at Montreal symposium
 2. Technical Program responsibilities

The emphasis is on technical paper abstract reviews at each symposium as other measurement topics are largely covered by other activities in the US and throughout the world especially as they relate to CISPR and IEC TC77 standards

6.3 2002 Paper review deadlines

Abstracts to be reviewed between 2 November and 30 November 2001; Notification of acceptance sent to authors by 15 January.

4. New Membership: Messrs. Ware, Haska and Dennis Ward. They are listed in the roster of attendees.
 5. New areas of interest: Make gap analysis between Guide 25 and IEC/ISO 17025. Encourage more papers on instrumentation.
7. ***New Business***
The chair will ask the Technical Advisory Committee to prefer that the TCs review the NARTE test questions on EMC measurements.

8. ***Next Meeting in Minneapolis***

The next meeting of TC-2 will be on Tuesday, 20 August 2002 in Minneapolis at the site of the 2002 EMC symposium.

9.0 Meeting adjourned at 8:37 AM

Respectfully Submitted
Edwin L. Bronaugh
Acting Secretary
