August 22,2006

### Meeting Minutes

TC-2 met during the 2006 IEEE EMC Symposium on Tuesday, August 15 in Portland, Oregon. from 7:45 to 8:30 am. The meeting followed the agenda previously sent out to all members.

#### 1.0 Call to Order/Introductions

The following persons were in attendance and have been added to the membership list where appropriate: D. N. Heirman, H. R. Hofmann, Thomas Fagan, Clifford Hauser, Philip Keebler.

#### 2.0 Approval of August 9, 2005 Minutes

The minutes of the 2005 meeting in Chicago were approved and will be sent out with these unapproved minutes of the 2006 meeting.

#### 3.0 Committee Membership Status

The membership list has been updated to include those new members at this meeting. The membership list will be sent out to everyone on the list.

#### 4.0 Symposium Activity, 2006

It would be helpful to know the areas of special interest of all those who are on the TC-2 committee. This would help in assigning papers during the annual review / judging of papers submitted for presentation at the symposium.

#### 5.0 Standards Sponsorship Review

There are approximately 15 standards that are related to TC-2 interests. A list of these standards will be sent out to all TC-2 members. The information should be added to the IEEE EMC Society web page which is being updated later this year.

#### 6.0 NARTE Exam Question Review Activity

##### 6.1 TC-2 Question reviews returned

TC-2 did not review any NARTE questions during the past year.

##### 6.2 Future NARTE question reviews

It is expected that NARTE questions will be reviewed this coming year .

## 7.0 Symposium Activity, July 8 - 13, 2007

### 7.1 Topics for Hawaii, 2007

Papers for 2007 are due to be submitted by December 15, 2006. Notification of acceptance will be by January 31, 2007. Final papers due by April 15, 2007.

### 7.2 Technical Program Responsibilities

TC-2 will review papers as in the past

### 7.3 2007 Paper Review Deadlines

See 7.1 above

## 8.0 Other Business

### 8.1 New membership

TC-2 continues to look for new members. Philip Keebler will work on membership by contacting everyone on the current membership list to determine their continued interest of serving on TC-2 and their technical interests as noted in 4.0 above. The position of vice-chairman is being filled by Thomas Fagan.

### 8.2 New areas of interest

Don Heirman proposed that TC-2 continue to monitor nanotechnology and its relation to EMC closely. He also indicated the Broadband over Power Lines (BPL) was continuing to be a controversial topic. He also said measurement instrumentation should receive more emphasis.

## 9.0 Next meeting will be in Hawaii, July, 2007

## 10.0 Adjournment occurred at 8:30 a.m.
