

TC 6
Spectrum Management
Report to TAC

18 August 2011

Karen Dyberg, Chairman

TC Officers

- Chair: Karen Dyberg
- Vice Chair: Clifford Hauser
- Secretary: Larry Cohen

Major Accomplishments

- Reviewed 1 papers.
- No technical sessions, workshops or tutorials sponsored.
- Held annual TC6 meeting.

TC Meeting Highlights

- TC-6 members to work with other TC committee's on workshop planning (TC3, TC4, and G-46).
- Discussion on membership criteria and an outreach plan to increase attendance and membership. 8 people attended.
- Special presentation by Dr. Sarah Seguin from University of Kansas (Hardware-in-the-Loop Radar Waveform Design).

TC Meeting Highlights

- Dr. Sarah Seguin agreed to replace Larry Cohen as TC secretary.
- Informed members of TAC request to generate one (1) iNARTE question each with respect to EMC design engineer.
- Spectrum management article in EMC news letter in planning stage

TC Plans for Next Year

- Review submitted Spectrum Management papers.
- Review iNARTE questions.
- Depending on number of accepted papers sponsor a technical session.
- Find a method to increase TC attendance.
- Plan a joint workshop with G-46 and possibly other TC's for 2012.
- Provide the IEEE EMC conference with a spectrum management related experiment.

TC Issues/Concerns

- Being trained to work the new paper review software.
- More advertising that meetings are open to all.
- Suggest that there be additional opportunity to interact with other TC's.
