

# 2019 IEEE INTERNATIONAL SYMPOSIUM ON ELECTROMAGNETIC COMPATIBILITY, SIGNAL & POWER INTEGRITY

**EMC+SIPI**  
NEW ORLEANS, LOUISIANA

**2019**  
JULY 22-26

**2019 IEEE INTERNATIONAL SYMPOSIUM ON  
ELECTROMAGNETIC COMPATIBILITY, SIGNAL & POWER INTEGRITY**

# EMC 2019

## Chapter Chair luncheon and Training

IEEE EMC Society Italy Chapter  
Luigi Caputo

**EMC+SIPI**  
NEW ORLEANS, LOUISIANA

**2019**  
JULY 22-26

**2019 IEEE INTERNATIONAL SYMPOSIUM ON  
ELECTROMAGNETIC COMPATIBILITY, SIGNAL & POWER INTEGRITY**

## Chapter status

- Chair: Luigi Caputo
- Vice-Chair: Antonio Sorrentino
  - Secretary: Domenico Festa
  - Treasure: Domenico Festa
    - Members: 76

# Chapter Activities

- **Seminar: "Dynamics and nonstationarity of propagation in reverberation chambers«**
  - Luk R. Arnaut (Queen Mary University - London)
  - In this seminar, the stochastic modelling and analysis of fields inside dynamic multipath propagation environments will be addressed. Emphasis is placed on how various types of imperfections in echoic or anechoic enclosures. In addition, we demonstrate the effects of rate of fluctuation of fields through digital modulation and the continuous variation of boundary conditions, leading to pronounced nonstationarity. Associated stochastic differential
  - July 11, 2018 - UNIVERSITA' POLITECNICA DELLE MARCHE – Facoltà di Ingegneria – Ancona - Italy
- **Seminar: EMC DIY? Compliant instructions to gear up for “EMC 4.0”**
  - The Seminar wants to provide a methodology for correctly approaching to the EMC 4.0. Several papers on EMS SW, Normative, measurement and Simulation, will be presented by teachers of the Politecnico of Turin and IMQ.
  - November 27<sup>th</sup> 2018, Politecnico of Turin – Torino – Italy
