

**Standards and Advisory Coordination Committee
(SACCom)
Representative Report**

Date:	3 May 2016
Representative:	Don Heirman
Position:	Past chair AAMI EMC Committee
Technical Entity:	Association for the Advancement of Medical Instrumentation
Scope/Function:	Support healthcare industry in the development, management and use of safe and effective medical technology
Current Activities: (major items only)	AAMI has the US TAG for TC62. A questionnaire on what to include in the next edition of IEC 60601-1-2 (Medical Safety) is out for comments due back by 3 June 2016. That edition/amendment is expected in the 2019 timeframe.
New Work Items (proposed/approved):	None in EMC
Standards¹/Revisions (recently voted on²):	IEC60601-1-2 with the EMC portion removed to be included in a proposed technical report: IEC/TR 60601-4-2: Guidance and Interpretation—Electromagnetic immunity: performance of medical electrical equipment and medical electrical systems. The AAMI EMC committee voted against adopting the Technical Report. None the less it was approved in the IEC and will be published by mid this year.
Recently Published Standards¹:	No recent EMC publications
Scheduled Future Projects:	Review activity coming out of IEC TC62 (Electrical Equipment in Medical practice) and SC62A especially the TR noted above.
Next meeting/venue of Entity	62A will be meeting with 62 and at this time it is planned to be at the IEC General Meeting in Germany in October 2016
Activities requiring technical support of EMC-S Standards Committees:	None
Activities requiring financial support of SACCom or EMC-S, if available:	None
Additional Comments:	

¹ If Standards were harmonized with other organizations, please advise

² Please provide results of vote. If disapproved, please advise major reasons, if known
